Mission and Leadership

## ***SPIRITUAL CARE AND WELLNESS***

One important area highlighted is spiritual care and wellness. Students learn and expand their knowledge of subjects such as discernment of spiritual gifts, health and parish ministry, wellness issues, and preparation to go on to other outside ministries.

## ***SYNODICALLY LICENSED MINISTRY***

Another focus of PALLMM is equipping those persons identified by their congregations as someone who could provide pastoral services to their church when a rostered leader is not available. The Office of the Bishop will approve those qualified who complete preparation for a specific need under the Synodically Licensed Ministry program (SLM).

## ***CONGREGATIONAL LIFE AND LEADERSHIP***

Congregational life and leadership is the third component. Here, developing church council support and other transformational ministries will be pursued. Workshops for worship, music and other fields will be offered. All programs and events here are geared to promote healthy congregations.

**Just come and learn**  
Everyone is welcome to participate in the opportunities for lifelong learning.
